

We want to hear from you

NELSON HYDRO ADVANCED METERING INFRASTRUCTURE PROJECT CPCN APPLICATION

On June 30, 2026, Nelson Hydro applied to the British Columbia Utilities Commission (BCUC) for a Certificate of Public Convenience and Necessity for the Advanced Metering Infrastructure Project (Project) in its rural service area. The Project will replace Nelson Hydro's existing Automated Meter Reading system with modern advanced meters and associated communications, data management and system integration capabilities. The BCUC has established a public and transparent proceeding to review the application.

To participate in the proceeding, please see the options below or visit www.bcuc.com/get-involved for more information.
